

Dear Parent or Guardian,

Welcome to Choices Unlimited!

Our main goal in Choices is to give students the tools they need to make wise choices as it pertains to drugs, alcohol and violence. We desire to partner with you as parents to aid you in educating your child(ren) how they can make good choices in these areas.

Choices is a two year program consisting of 6 weeks of 50 minutes of class time each week spanning both fourth and fifth grade. The class is conditioned to be a fun and interactive learning environment.

Below you will find a list of the lessons being taught for your student in 4th grade.

Lesson Topic	Bottom Line (main thought)
Drug Awareness	Knowledge is Power - Empowering students with knowledge in order to make wise choices
Addiction	Addiction = Losing Control - Addictions allows something other than ourselves to control our lives
Violence	Violence is a lose-lose situation - No one wins when it comes to violence
Friendship and Influence	Friendship is the foundation for the choices I make - The friends we have influence the choices we make
Risk and Consequences	I am responsible for the choices I make
Review and Wrap Up	Getting the tools I need to make wise choices

Our desire is to partner with you as parents in this endeavor. Our hope is that the information students receive will open the door of communication for you and your child(ren) to discuss these topics together. After all, we believe the best teacher when it comes to these topics is you - parents!

If you have any questions, please feel free to email us at choicesunlimited@laledecountydrugcouncil.org or visit our web site at laledecountydrugcouncil.org. We welcome any questions or feedback!

.....

Please sign and detach this card and have your child return to their classroom to be entered into a drawing where they could win a free prize!
